

We provide a **SECURE** home for digitalization.

maincubes, founded in 2012 and **headquartered in Frankfurt am Main**, is a German company and part of the **medium-sized** Zech Group, Bremen. maincubes provides its customers with a **network of high-availability data centers of different sizes and features** that enables colocation in conjunction with **secure eco-systems for the digital future** of companies in various industries. Customers and partners of maincubes can connect worldwide via the **secureexchange®** platform and use the platform participants' **cybersecurity, IoT, connectivity and cloud services** to **expand their business opportunities**. maincubes services are **secure, efficient and user-friendly**.

On the basis of our **secureexchange®** and especially in combination with the broad range of services offered by the platform participants, **secure marketplaces (eco-systems)** for the **Internet of Things** in different markets are created. Our current focus is on the following strategic business initiatives: **SECURE MOBILITY, SMART FACTORY, SMART CITY.**

Security in a **comprehensive sense** is our **highest quality criterion**. All colocation data **verifiably** remains in Europe. maincubes is **ISO27001**-certified. By implementing the **Best Practices** of the new **Industry Standard ZeroOutage**, 100 % SLA availability becomes possible: colocation with the **Plus of Security**.

At the moment, maincubes operates **carrier-neutral data centers** in **Frankfurt am Main** and **Amsterdam** with a total capacity of about **11 MW** on an IT area of about **9,000 sqm**, on which a total of **19 carriers** connect and offer access to important **internet exchange nodes** and **cloud connects**.

maincubes is an active member of Zero Outage, TeleTrust, Allianz für Cybersicherheit (Alliance for Cybersecurity), MindSphere World, Bitkom, and more.
