Follow Ludwig-Landmann-Straße and Am Industriehof for approx. 800 m. Tilsiter Str. 1 is located on the right hand side.

## **Free public parking & underground parking**

### **Public parking**

Coming from Frankfurt city center Turn into Friedrich-Wilhelm-von-Steuben-Str.. In this residential area there are many public parking spaces (along the red line) without resident parking. Between the high apartment buildings (blue line) you can then walk onto the main street \*Am Industriehof\*. You then have to cross this street and you are already in front of the building where maincubes one is located.

Tilsiter Straße is located in an industrial area. Here, too, there are no managed parking spaces, but free parking spaces, which are also available to you.

### **Underground car park Tilsiter Straße 1**

You have access to parking spaces in our underground garage. These need to be requested in advance. You can reach them from the city center of Frankfurt via the path marked with the purple line and from the highway via the path marked with the green line. Please note that these are lift-based parking spaces, and as such, SUVs and electric vehicles cannot be parked there.

### **If you are coming via the A5 or A66**

Since there are subway tracks in the street \*Am Industriehof\* and there is no crossing to the other side of the street, you have to drive past the building once to get to the other side of the street below the Breitenbach bridge.

To do this, please proceed as follows: Drive off the highway as described above and then continue past Tilsiter Straße onto \*Am Industriehof\*.

When you have passed the stop \*Industriehof\* (right side), before going up onto the bridge, drive down onto Breitenbachstraße, which you drive through to the end. Turn left at the end of the street. This will take you back up, but now on the correct side of the road \*Am Industriehof\*. Now you can turn into Friedrich-Wilhelm-von-Steuben-Str. as described above
